"BEHAVE YOURSELVES"

And You Won't "Be Killed" Says a Writer on the Kentucky Situation

Likely, says a well known Democrat, the Republican administration won't do any worse by Democrats than Charley Thompson told the silk hat men at Frederick City, Md., would be done with rebels, "You won't be hurt if you behave yourselves," said Thompson, who was taking a drove of Kentucky mules through the city on the way to Washington during the war.

THREE GIRLS

Make a Merry Spectacle of Themselves in Two Local Option Counties

The following is taken from the Clayville correspondent of The Cynthiana Democrat, and if true it is certainly a deplorable state of affairs:

On last Court day in Cynthiana after four o'clock in the afternoon three young women came through Clayville and they were all drunk and had a jug of whisky in their buggy. After passing over the bridge they began quarreling and before they got to West Creek they all got out for a free fight. Some of our boys straightened them up, got them back in the buggy and as we have not heard of any accident suppose they managed to get home. It is said they live near Powersville, Bracken county.

J. M. McKnight, who was sentenced January 16th, 1902, to serve a term of six years in the Federal Penitentiary at Atlanta, Ga., for misusing the funds of the German National Bank of Louisville, has been released from the prison.

SANE OHIO

Brown County Equity Society Cut Out the Roughhouse Business

Western Tobacco Journal.

The Brown county branch of the American Society of Equity, it is said, has decided to notify the growers in that county that they can go ahead and deliver their holdings now without molestation.

A special meeting was held for the purpose of deciding upon such action. It is claimed that the action was brought about by C. L. Head buyer for the American Tobacco Company at Ripley, O. He was recently notified to cease his operations, but replied that inasmuch as this is a free country, and, as he was employed to buy tobacco, he would continue to do so as long as he could find any holders willing to dispose of their crops at his prices.

The Equity people decided to withdraw their request in consequence of Mr. Head's attitude.

THE Court of Appeals has decided that if a man holds a life insurance policy payable to his wife and children he cannot assign its cash value to another.

THE Department of Agriculture estimates the total cotton production for the year 1907-08 at 5,581,968,000 pounds, equivalent to 11,678,000 bales of 500 pounds each.

WE cannot have a non-political revision of the tariff. We cannot have it before the Presidential election and we cannot have it afterwards.—Louisville Courier-Journal.

A CALIFORNIA Judge has handed down a significant and far-reaching opinion on the billboard nuisance, and declares them to be removable, on the ground that they are unsightly and are damaging to householders and property owners. To make a noise like a billboard is decidedly shocking, and we're glad the glaring monstrosities are removable by judicial mandate. Cincinnati has many streets and drives which are made hideous by these glaring and glaring red and yellow advertisements, and it affords some satisfaction to note that in the general crusade against the unsightly nuisances they all will be relegated to the back alleys; and even these places should not be debased by their vulgarity.

Mrs. J. H. Samuel, who was very feeble during the past week, is thought to be better this morning.

It is claimed that W. J. Bryan caused the turning down of Louisville for the meeting place of the next National Convention.

At Lexington Friday a lot of tobacco sold for \$21 per hundred. In all there were over 150,000 pounds disposed of at average of about 11 cents. At the Lexington market there are about 1,000,000 pounds being sold every week at good prices. The American Tobacco Company is buying the most of this tobacco. Lexington is fast rivaling Cincinnati as a tobacco center.

Governor Willson attended the banquet of the Merchants and Manufacturers at Louisville Saturday night.

Roaming cows on Sixth street are annoying the residents of that thoroughfare. Will the Police take notice?

Mrs. Ethel Senteney of near Ripley is visiting the family of her brother-in-law, Policeman Thomas Senteney of West Fourth street.

Saturday James Dunn, administrator of William Dunn, deceased, sold the Manhattan Restaurant, corner Market and Front streets to James Ireland of East Fifth street.

TEN newspapers in Indiana published at \$1 per year increased the price to \$1.50 a year, the rise in the price of paper and everything connected with the publishing business compelling them to do so.

"WOMEN," says a fashion writer, "could get along with half of the clothes they buy." Of course. There's a comic opera song which says: "All you need is diamonds and tact."—Courier-Journal.

THERE is a reaction against WILLIAM JENNINGS BRYAN in the Democratic party which is rapidly spreading, especially in the North and South. The Middle States and the West are still solid for him, but his nomination again for the Presidency is an even bet.

It is not very pleasant reading to the Democrats to realize that that once great Democratic fire-eating Kentuckian, JOE BLACKBURN, is coming back to assist in defeating ex-Governor BECKHAM for the Senate, and, incidentally, to help carry old Kentucky for BILL TAFT for President. The world do move.

THE Pacific fleet is making a lot of noise and also a lot of smoke starting on its cruise around the Horn. The one item of cigars alone is a big thing when it is discovered that one supply ship called at Havana Wednesday and took on 750,000 cigars and 1,000,000 cigarettes. All this immense supply won't last six months.

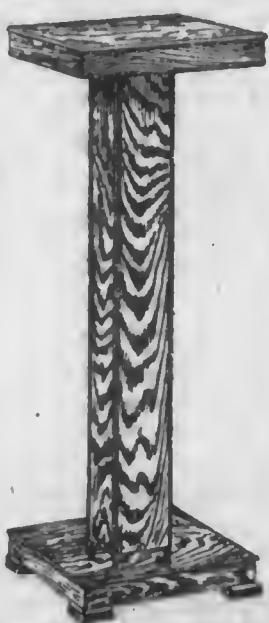

A SAD CASE OF SHOPTIS.

"And what kind of a patient is this?" asked the visitor to an asylum as they paused before a woman with her arm full of bundles.

"Sad case," replied the attendant. "She's afflicted with shopitis. She imagines she's doing her Christmas shopping, and we have to give her a new lot of bundles every day."

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; whereas out of ten cases caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

A POSER

Many Men of Many Minds—All High Class Citizens, Too

In deciding the case of George S. Roeser's Executor against John W. Boulden and others, an appeal from the Mason Circuit Court, which was an action for the recovery of \$2,000 in United States Bonds given away by Roeser shortly before his death, the Court of Appeals say:

"There was no conflict in the evidence as to the fact that the bonds were transferred and delivered to Boulden as set out in the writing on the aforesaid, but there is much conflict in the evidence as to the state of mind of Roeser at the time the transfers were made. Appellee's evidence conduces to show that at the time his mind was perfectly sound, that he knew exactly what he was doing and that what he did was done after due consideration, and that there was no undue influence by anybody to cause the transfers. On the other hand appellee's evidence shows to the contrary. The witnesses for each party, were in the main, composed of bankers, lawyers, ministers and business men of the best class of citizens. It is strange to us that such a class of people could differ so radically as to the condition, or state of mind of Roeser at the time he made the transfer of bonds. As the evidence was so conflicting and equivoquant we cannot say that the lower Court erred in concluding from the evidence that the transfer and gift of the bonds by Roeser was legal.

"The chief ground of appellee's counsel for a reversal of the judgment was the refusal of the lower Court to transfer the case to the ordinary docket for trial by a Jury of the issues of facts made by the pleadings, which were as to mental capacity of the deceased, whether he was unduly influenced by somebody to make the gifts on the 21st and 27th of April, and whether said gifts were in fact made by him.

"We are of the opinion that the chancellor who tried this case did not abuse his discretion in refusing to transfer the issues to the ordinary docket to be tried by a Jury.

"For these reasons the judgment of the lower Court is affirmed."

THE POWERS TRIAL

At Georgetown Goes Over Until Today—Franklin Still Ill—Reporter Fined For Contempt

Upon the opening of court in the Powers case Saturday Judge Morris announced that Commonwealth's Attorney Robert B. Franklin was still indisposed and unable to attend the trial. For this reason the Powers trial was passed until this morning.

The Court then took up the rule against Captains G. W. Longmire and his associates, the prison guards in charge of Henry Youtsey and James Howard, for contempt.

Captain Longmire and his associates were exonerated and discharged. The Court thereupon ordered a rule for contempt to issue against R. L. McClure and R. Lee Davis, newspaper correspondents.

McClure was rebuked for the careless manner in which the Court held he had been sending out reports from the courtroom without investigation, and discharged him with a reprimand.

R. Lee Davis was later fined \$20 by Judge Morris.

CURED TO STAY CURED.

How a Mayaville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—From urinary disorders—From any disease of the kidneys, Be cured to stay cured. Doan's Kidney Pills make lasting cures. Mayaville people testify.

Here's one case of it. A. W. McClenahan of A. W. and B. P. McClenahan, grocers, at 121 Second street, Mayaville, Ky., says:

"I can endorse Doan's Kidney Pills more heartily today than I did five years ago when I told the Mayaville people that this medicine had cured me of severe kidney trouble and backache that had bothered me for twenty years and seemed to be growing worse and worse all the time. I repeat that I can more confidently recommend Doan's Kidney Pills, which I procured at J. Jas. Wood & Son's Drugstore, today than I did in my former testimonial because my cure has been permanent and I have had no kidney trouble for nearly five years. A JACK POT

And a Freeze Out Game—Cut for Deal and Shuffle the Cards

The meeting of the Mason county tobacco growers held in the Courthouse in this city Saturday was well attended, being graced by the presence of several ladies, notwithstanding the inclement weather.

The meeting was called to order by Representative Virgil McKnight and on his motion Mr. Abner Hord of this city was chosen Chairman, who upon taking the Chair and stating the object of the gathering, introduced Senator Campbell Castrill of Scott county as the orator of the occasion.

The Senator, to say the least, is as handsome in appearance as our beloved President Roosevelt, and what he lacks in beauty is fully compensated for by his strenuous and vigorous style of oratory; he is a goar and gets there with both feet.

He is possessed of a strong and powerful voice that can be heard distinctly in all parts of the house, and besides he is a fluent and entertaining speaker.

Probably there were those present who were in a measure disappointed in that the speaker was conservative throughout his remarks. He epitomized the tobacco trouble from the beginning up to the present unrestful moment, and while he pointed out in plain English the injustice and bad treatment, as he saw it, imposed on the tobacco growers by the trusts and combine, at so time did he even suggest harsh measures as an antidote, but on the other hand counseled moderation and a standing by each other in a lawful way, pleading that "united we stand" we win, "divided against each other," we lose.

He gave them to understand that it was a "freeze out game" on both sides and that it was their bounden duty to chip in the pot and stand pat and that victory would crown their efforts in the end.

He commended Governor Willson's stand in the matter and said that the Equity people stood ready and willing to attend the Conference called by the Governor and hoped it might result in an equitable solution of the whole affair.

There were probably three hundred people present who followed the speaker during his hour and a half talk with the closest attention and at times nearly raising the roof of the old dome of justice with their vociferous cheering. It is thought Mr. Castrill's speech will do

much good in checking and allaying the turbulent spirit that has manifested itself in certain parts of the county, now that it comes as a pronouncement from the Society of Equity that it will not stand for any unlawful act.

Before and at the conclusion of the speaking papers were circulated among signers pledging themselves not to raise a 1908 crop of tobacco and about 1,500 acres were so pledged in a very short time.

STATUS QUO

Maintained in the Kentucky Tobacco War Pending Conference Called by Governor Willson

As a result of the investigation made by Adjutant General P. P. Johnston and a conference between the Governor's representative and the officials of Christian county, a formal request for additional troops was signed and forwarded to Governor Willson.

Hopkinsville citizens also believed that a special term of the Circuit Court should be held in order that the judicial inquiry into the eight riders' actions may be instituted at once.

General Johnston will on today go to Trigg county to pursue his inquiries there.

Unofficial reports received from Hopkinsville indicate that every one interested is the to-

hacco war in that section is resting easy since the ultimatum of Governor Willson and are willing to declare a truce, so to speak, until after the conference between the Governor and the growers and buyers next Friday and Saturday.

It is said the Governor has received assurance from many of the tobacco growers and independent buyers from various sections of the state that they welcome the conference arranged by him and have signified their intention of attending the conference and throwing as much light on the situation as possible and doing everything in their power to settle the question to the best interest of every one concerned.

Miss Francis King of Flemingsburg was a visitor in the city yesterday.

Miss Bessie Johnson took down sixty notesize pages in shorthand of Senator Castrill's speech at the Courthouse Saturday.

Mr. Edward F. McDaniel, aged 21, and Miss Augusta F. McDaniel, aged 21, both of Mason county, were married yesterday, at Mt. Carmel by Rev. Clark.

It's the first "R" in September that shows when oysters are in the market.

PADEREWSKI AT CINCINNATI.

After an absence of over five years, Ignace Jan Paderewski, the magnetic Pole, and most popular among the great pianists of the present day will make his appearance in the Cincinnati Music Hall on Saturday evening, January 4th. While Paderewski has been generally regarded as a matinee idol, it was concluded to give the men an equal chance to hear him this time. The recital will be over in ample time to make all trains and there will be abundant opportunity to rest on the next day—Sunday.

What is the secret of Paderewski's extraordinary power over audiences composed of musicians, lovers of music, the naturally indifferent men and women who will hear no pianist? No doubt the personality of the pianist has much to do with his mastery over the hearer.

His personality alone is extraordinary. Writers have exhausted comparisons in trying to portray him in words. Tall, thin, with strange mysterious eyes that seem to shed no light, with prominent cheekbones, a marvelous nimbus of hair, with a bearing that is feline in strength and grace, he excites curiosity and begins to weave his spell before he strikes a cord. Sixteen years ago he began the weaving in this country and the spell is still unbroken. He charms the hearers as Orpheus moved even the stones and trees, as the piper of Hemlo did as he wished with women and children.

Paderewski sings a melody with a simplicity which is the quintessence of art. The melody is a direct, personal appeal.

The scale of prices for the Cincinnati recital has been fixed at \$2.50, \$2, \$1.50 and \$1, the entire gallery of 850 seats being reserved at the latter figure. The advance and mail order seat sale is now on at the John Church Company, Cincinnati.

Warrants are out for Rev. William Hicks a Baptist minister at Smithland, for passing worthless checks at Paducah.

Miss Lillie Weller, who has been on an extended visit to relatives in Chicago, will return this week for the Christmas holidays.

Mrs. Alice Boyd returned home yesterday after spending several weeks with the family of her son, Mr. Louis Boyd near Dover.

Our Shoe Sales

Are Greater Than All the Combined Sales of Others Who SELL SHOES IN MAYSVILLE.

There is a reason for this. We can show you better than we can tell you. Mr. Cohen has just made some enormous purchases for spot cash. Ladies, let us show you our Tan Welt Shoes in lace and button. We will sell you as good a Shoe as you pay \$4 for at \$2.99 as long as they last. We have many sizes left of the Red Cross Shoes for Ladies; we sell them for \$2.69. You had better take a look at

DAN COHEN'S

Great Western Shoe Store.
